Offer

Dried fruit & thermostable fruit fillings

The company specialized in the production of dried fruit and thermostable fruit fillings offers: conventional or sweetened dried fruit (cherries, plum, aronia berries, blueberries, strawberries, apples etc) as well as thermostable fruit fillings (cherry, apricot, raspberry, strawberry, forest fruit mix, plum, apple). The dried fruit are intended for direct human consumption, while thermostable fruit fillings have an application in confectionery and bakery.
