Description

With a history of innovation in agricultural equipment, MECMAR has been serving the needs of farmers across the world for more than 30 years. Since the early 1980's, MECMAR has been specializing in manufacturing a wide range of mobile grain driers, stationary tower driers, and soybean toasters. Today's range of products, which includes the BIO serie, has evolved by listening carefully to people involved in using and distributing grain driers, in order to meet ever changing demands. Together with its dealers Mecmar wishes to provide an extensive network of sales, parts and service to its customers Mecmar products are well noted for reliability, strength and technical innovation .
